OTHER FEES AND COMPENSATION

Float IFCF provides clearing and other related services to customer accounts. In connection with the provision of those services, IFCF receives the use of amounts from the sale of securities prior to settlement, amounts deposited before investment, and disbursements amounts made by check prior to the check being cleared by the bank on which it was drawn. The use of such amounts may generate earnings (“float”) for IFCF or may be used by IFCF to offset its other operational obligations. To the extent such amounts generate float earnings, such earnings will generally be realized at rates approximating the Target Federal Funds Rate. Amounts deposited into an account, whether through sale of securities, receipt of dividends, wire, check or otherwise, are generally invested in the accounts core sweep vehicle by close of business on business day following receipt of the funds. Accordingly, IFCF receives use of the funds during that time. IFCF receives use of funds for amounts disbursed by check from the date the check is issued by IFCF.

Trade Errors When a trade error is made in connection with our services to the plan, IFCF will correct the error as soon as possible after the error has been identified, with the goal of putting the plan in the same position that would have resulted if the error had not occurred. If the error is a result of our breach of our responsibilities to the plan, we will make the plan account “whole” for any losses that may have resulted. In some circumstances, correction of the error will result in a gain. If there is such a gain, IFCF may retain the amount of the gain, which may constitute part of our compensation for services to the plan. IFCF may also charge its representatives or third-party investment advisors a fee (generally \$25) for processing the error correction. In certain instances, IFCF may seek to recover any loss it incurs as a result of an error made by its representatives or third-party advisors.

Educational Conferences From time to time, IFCF may host or attend educational conferences for audiences that may include independent record keepers and consultants, SA Stone Investment Advisors Inc. Registered Investment Advisors, individual investors or other persons. Unrelated third parties may provide financial subsidies in connection with our hosting or attending such events. These sponsorships are generally unrelated to the services provided by IFCF to any individual plan.

Compensation received will vary by correspondent broker-dealer. Correspondent broker-dealers will charge separate fees for services they provide to qualified plans.

Compensation Paid by Financial Advisors IFCF may receive compensation from its Financial Advisors who also operate independent registered investment advisors. IFCF generally charges 0.10% of assets under management for consenting to permit Financial Advisors to operate such outside businesses.

Special Fees IFCF charges for special services provided to accounts such as wire transfers, ACH transactions, additional statements, legal transfer fees, and other charges for special services. Refer to the Schedule of fees attached to the Brokerage Account Agreement for details.

Trading Venue and Platform Ownership IFCF may have an ownership interest in certain trading venues. To the extent that such venues are used, IFCF may receive an indirect benefit because the value of its interest in the venue may increase.
